The proposed rail line is near my home. The proposed rail line is near my home. The proposed rail line is near my business. Alternate i The proposed rail line crosses my property Other, please specify 2. What are your concerns regarding potential environmental impacts and do you have any mitigation suggestions? My is concern is it cover my property value should this rail close or gast fine can as one to a coldent at house? Any property lates a fine can as one to a coldent at house? Any property in the next Diggest Concern is for my from my the first safety of the rest Diggest Concern is for my from my the safety of the safety of the safety and the safety has far should reach the fide the safety at the safety what has far should the first would a fleet part of my lively head by teting among my can fixed the district part of my lively head by teting among my can fixed to the chance is live a space to Medica Control to a face over children the chance is live a space tife in more to a place to have a facil line go throw our property in the rounting a persons prepared for its control, farm, fish we didnate more to a place to have a facil line go throw our property in the through and first space for didditional comments or suggestions. Inhat makes me such is the throught of a company condemnate a part prepared for its chance of a company condemnate a persons prepared for its about the such makes per property to get the families. But no line and will now property to get wheat they what this by not fair for us often my such that my line and will now property.	1. Which of the following applies to your situation?
The proposed rail line crosses my property Other, please specify 2. What are your concerns regarding potential environmental impacts and do you have any mitigation suggestions? My 18 concern 15 of course my property value should this rail cities my property (who decades have close a fail time can asome to a costdent at house? - any mer?). The next biggest concern is for my farmity. I have I small children and I being for their gatety. Also for the institute of the schildren that finds their safety of the schildren that finds their safety at their ganes my partifield. We then a first up my tides for school This rail way would a first part of my lively head to the schildren that finds the first world a first part of my lively head to the schildren the though to the field. We then a fact part of my lively head to some, we make to Medica Co. to our farm to give our children the chance to live a quart life in the country to be able to raise animals, farm, fish we didn't move to a place to have a rail line go than our property—right house our foot yard. 3. Please use this space for additional comments or suggestions. What makes me sick is the throught of a company contemnancy a persons property for its also use! If full and has such indeed particles "- unique to far Everyon's better than warter value for their property—so they found mout a fail line and will now property—so they condense property to get wheat they want. This is not their for the war and formed and neighbors who are in	The proposed rail line is near my home.
Other, please specify 2. What are your concerns regarding potential environmental impacts and do you have any mitigation suggestions? My 12 concern 15 it course my property value should this rail. Closs my property who decided how close a faul time can as one to a residential house? - angine?). The next biggest concern is for my lamily. I have I small children and I work for their safety of the Children that ride the should bug that picts up my talls for school. This real way would a flect part of my lively hard by teting away my agrifield, we feel to ask to are armals also sell some. We made to Marina Co. to our farm to give our children the chance to live a quest if he in the rowing to a place to have a rail line go thru our property - right hash a front yard. 3. Please use this space for additional comments or suggestions. What makes me sick is the thought of a company condemning a persons property for its own usel I f value has such indeed articles for their property. So they have the man warfet value for their property. So they have a facil line and will now property to the form make a take care of their families but no condemn property to get what they want. This is not take for the work hard for my fields and reighbors who are in	
2. What are your concerns regarding potential environmental impacts and do you have any mitigation suggestions? My 12 Concern 15 it Carrie my property Value should this rail cross my property (who decides how close a rail time can across the a residential house? - unipose?). The next biggest concern is for my lamily. I have I small children and I workly for their safety of the schildren that ride the action as the safety and a field we fee are carry to a mould a fire your children the chance to live a quest life in the country to be able to raise animals, farm, fish we did not move to a place to have a rail line go then our property - right freeze use this space for additional comments or suggestions. What makes me sick is the thought of a company of form yard. Schemming a persons property for its about use! It full an has such ideal protects " - uny not gay Everyout the them wastet value for their paperty. But no they have a rail line and will now proportably condemn preperty to get what they want. This is not fair for us ordinary people— who work hard for my family but also my friends and neighbors who are in	The proposed rail line crosses my property
mitigation suggestions? My 12 concern 15 it cover my property value should this rail close my property. (who decides how close a rail line can as me to a resident of howes? - anyone?). The next biggest concern is for my lamily. I have I small children and I borry for their gatety. Also for the 3 street of the schildren that ride the should be for the 3 street of the schildren that ride the sound a flect part of my lively host at taking any my oat field. We fee care to a rain any a south to Adding the country to a currently also sell some. We moved to Adding the country to be able to raise animals, farm, fish we didne move to a place to have a rail line go thru our property - right south or front yard. 3. Please use this space for additional comments or suggestions. What makes me sick is the thought of a company condemning a persons property for its aim used I fe Vulcau has such "axel partets" - uny not pay Everyone by their than wharfet value for their property - so they for move to get what they want they for move for a rail line and will now proportionally condemn property to get what they want. This is not what they are for my family but also my friends and neighbors who are in	Other, please specify
	mitigation suggestions? My 1 Concern 15 it course my property value should this rail close my property. Who decides how close a fail line can acome to a resident of house? - any one? The next higgest concern is for my lamily. I have I small children and I borry for their safety of the schildren that ride the safety of the schildren that ride the since has far the safety of the schildren that ride the safety affect has a field up my tide for school. This railway would a flect part of my lively hoost by taking animy my oat field we tee as east to are animals, also sell some. We moved to Medina Co. to our farm higher our children the chance to live a quart life in the rountry—to be able to raise animals, farm, fish, we didn't move to a place to have a rail line go then our property—right house a fail to a go then our property—right house of front yard. 3. Please use this space for additional comments or suggestions. I have makes me sick is the thought of a company condemning a persons property for its about use I I for a full acompany and the part of their property—so they have such a rail line and will now proportionally condemn property to get what their families. But no they have their property to get what they want. This is not what they want they have they want they are not also my friends and neighbors who are in
